

Take your business to the next Level with

Delor Consulting is a multidisciplinary consulting services firm for both local and international markets. Our mission is to energize businesses, enabled through collaboration and learning. Team Delor's passion is, being agile, responsive and innovative.

Our Services

Web Application Development

Development of creative, intuitive user friendly websites by adapting to all the recent technologies and trends.

Mobile App Development

Conceptualise and design high quality customised mobile apps with attractive UI & UX.

Software Development

Build smart high performance ERP and bespoke IT systems, including application maintenance.

Digital Marketing Services

Design and develop digital media platform, accessible from any time and anyplace for worldwide consumers.

Why Choose Us

We contribute to the success of any organisation by bringing the synergies of the best from the industry

Client Engagement

Our experience enables us to form a reliable partnership with our clients, to understand their needs and find the right solution to meet the challenges.

Attention to Details

It's our attention to the small details of timelines and keen project management that makes us stand out from the rest. We are creative, while keeping a close eye on the calendar and budget.

Pricing

We don't cost the earth. Our prices are competitive and fair. There are no surprise bills.
